The itinerary begins in Arusha, continues to Serengeti National Park, and follows the best available migration areas according to the season. Depending on travel dates, the route can focus on the Southern Serengeti and Ndutu area during calving season, the Western Corridor during movement toward the Grumeti area, or Northern Serengeti for the Mara River crossing season. Fidelity Safaris operates this private Serengeti Great Migration safari with a dedicated 4x4 vehicle, an experienced English-speaking guide, and flexible lodge or tented camp options.
